Location: Brookwood Baptist Church (www.brookwood.org/ for directions)

3449 Overton Road

Birmingham, AL 35223

(Mountain Brook)

Reservations: www.tacanow.org/alabama/

(click on the pre-register link)

A graduate of the University of Miami School of Medicine and of the Jackson Memorial Hospital/University of Miami Pediatric Residency Program, Dr. Buckley implemented an integrative/functional medicine approach into her pediatric practice after her daughter regressed into the world of autism at four years of age. In October 2009, she added Breast Cancer Survivor to her resume, using this integrative/functional medicine approach. An international speaker on these topics, she has written *Healing Our Autistic Children* released in 2010, is co-founder and President of the HEAL! (Healing Every Autistic Life!) Foundation, and is raising a family with the help of a wonderfully supportive family. She will be speaking about autism in general, but the topics of "puberty" and "girls with autism" will be highlighted during her presentation.
